PU STONE BOARD

PU stone board is a kind of wall decoration material that can be used both indoors and outdoors. It is made of high-quality polyurethane material, has excellent weather resistance and durability, and can maintain its beauty for a long time. At the same time, PU stone board simulates the texture and color of natural stone, which can meet the decorative effects of different styles and needs. It is lighter than natural stone, so it is easy to transport and install.

PU STONE BOARD

PRODUCT FEATURES

WATER PROOF:
The product is completely moisture-proof and waterproof and can be used to decorate ponds and other water-using environments.

SUN PROTECTION:
PU stone board can be used outdoors because of its raw materials and the surface of its products are coated with paint for outdoor use.

ANTIFREEZE:
Polyurethane elastomer, with performance between plastic and rubber, features low - temperature resistance for cold weather.

EASY TO INSTALL:
The product size is 1200*600MM and is very light in weight. It can be easily installed by only one person.
